

CORINNE ADRIENNE

Following her debut in the award winning film Spinning Gasing, Corinne chose to further study acting at The Victoria College of Arts in Melbourne. From there she returned to Malaysia and was quickly cast as a lead in her first theatre production with the Five Arts Centre, The Good Daughter. Following this she landed a series of roles in Malay and English productions including the custom cop series Squad Elite One, telemovie Primadona, sitcom Buddies and co- hosted the Malav game show series Juara Minda . Broadening her horizons, Corinne moved to Singapore to play one of the leads in the highly successful Heartlanders and then starred in her second feature film, City Sharks alongside Malaysian & Singaporean stars.

A rising star in Singaporean television, Corinne landed leading roles in numerous prominent productions such as The Singapore Short Story Project, (best Drama series ATV awards 2003), Ways of The Matriarch 1,2,3, Heartlanders 1&2 and Brothers 4, as well as telemovies such as One Peep Too Many and Birthday Party.

Following lead stage appearances in sold out performances of Mardi Gras and A Marriage of Inconvenience, Corinne returned to TV in Singapore Shakes, a made for television series of modern adaptations of Shakespearean plays, in which she starred in four episodes.

Also a celebrity host, Corinne has hosted such prestigious events as Communic Asia 2002, Hempel factory opening (attended by His Royal Highness Prince of Denmark) and the UK Singapore Partners In Science Year, with His Royal Highness Prince Andrew as the guest of honour.

Her exotic and rare beauty also leads to numerous modeling opportunities and Corinne has been in many magazines and fashion shows and has also been the celebrity model for renowned international hairstylist Guy Kremer at The 2003 L'Oreal Hair Show at the Esplanade and the opening of the high end Australian designers boutique Felt.

Corinne's natural talent, training, hard work and dedication have established her as an accomplished actress with an impressive record and extremely bright future. Her

versatility shines through in the multitude of roles she has played . Her uniquely international looks and affinity for languages have enabled her to play many varied roles and she has had screen roles in English, Malay, Mandarin, and French.

Having grown as an actress and achieved much in film, TV and theatre in Singapore, Corinne turned her attention to her native Malaysia to continue her acting career whilst diverging into producing her own projects and developing her hobby of Kung Fu.

In the short time Corinne's been back in Malaysia, She s garnered numerous roles in the local industry, emerging as one of the most prominent non-malay actor to be acting in Malay language films and television shows. In 2008, Corinne received great reviews for her potrayal of Doreen Chua, a femme fatale investigator in Kala Malam Bulan Mengambang (which won best film for all the major film awards in Malaysia that year) Apart from that, she has also taken some time off from acting to host a travel series, 2 food programmes and she has also produced 3 television movies for NTV7 (Taxi Driver, Ah Long Ali & Jalan Berangan).

After taking a long break from work to embrace motherhood, Corinne worked on a 26 episode drama series "Isabella" for Astro Prima, co-leading with Rosyam Nor and Vanidah Imran . Her dedication for her work regardless of whether it's in front or off the camera is always consistently aimed with the intention to focus on creating great work, hence the attention to detail. Her most recent leading role in the true life story television movie "Degupan Lisa" inspired her to chop off her long hair to play a true life character who was suffering from a heart failure. "Degupan Lisa" will be going on air sometime in March-April 2012 on RTM 1. Her behind the scenes role also took another notch up when she decided to take some time off acting to be in charge of the art department's budget for KRU International's 1st international epic movie "Vikingdom" . The art department for this film is possibly the most ambitious in the Malaysian film history.

Corinne is passionately pursuing her love for the arts and constantly using her talent and experience to grow in new challenging directions.
